Appropriations Committee**

**2003
ANNUAL FISCAL REPORT
Fiscal Year 2004**

**92nd General Assembly
First Regular Session &
First Extraordinary Session**

**Senator Peter Kinder
President Pro Tem**

**Senator John T. Russell
Appropriations Committee Chairman**

**Prepared by
Senate Appropriations Committee Staff**

September 8, 2003

TO ALL SENATORS AND SENATE STAFF:

The Annual Fiscal Report is designed to provide the reader with a variety of comprehensive information in summary format on state fiscal matters. This report contains information on recent trends in state finances, describes the actions taken by the Committee on Appropriations in 2003, and summarizes a variety of budgetary items of interest, including distributions of lottery and gaming proceeds, information on capital improvements, and major budget changes that occurred in the fiscal year 2004 budget cycle. Also contained in this report are rankings of personal income and state government per capita revenue compared to other states.

The formulation and adoption of a budget is one of the most important tasks undertaken by the General Assembly each year. In accordance to Missouri's constitution, the General Assembly is charged with reviewing state programs, assessing spending priorities and the formulation of future spending patterns through the appropriation bills. The Senate Appropriations Committee takes this responsibility seriously, and makes every effort to create a fair and equitable budget for all Missouri citizens. The appropriations process is very time consuming and requires a high degree of dedication from all members of the committee. In 2003, the full Committee met on forty-six of the seventy-five days of the session.

I hope that you find this document useful as it covers a variety of topics on issues relating to the state budget. Your Senate Appropriations staff compiled the information contained in this report. If you have any suggestions for additions or if you want to see other changes, please contact me or the staff at (573) 751-2893.

Sincerely,

JOHN T. RUSSELL

JR:rb

Members of the Senate	93
Senate Appropriations Committee and Staff Organization	95
Budget Control.....	96
Departmental Assignments for Appropriation Bills	97
Budget Process Overview.....	98
Calendar of Floor Action on Appropriation Bills.....	102

PREFACE

The Senate Appropriations Committee is pleased to present this Annual Fiscal Report. It is designed to provide legislators, legislative and departmental staff, and the public detailed information about the appropriations and budget process during the 92nd General Assembly, 1st Regular Session (2003) as well as information about fiscal and budget issues in previous years. This document also includes information relevant to the First Extraordinary Special Session proclaimed by Governor Holden that convened on June 2, 2003.

The Report is divided into three major sections. The Missouri State Finances Section (Section I) presents details of Missouri's \$19.1 billion operating budget for Fiscal Year 2004. This section includes appropriation bill totals for operating and capital improvements. In addition, this section contains information identifying major budget changes, a veto summary, the current fiscal year general revenue estimate, a fiscal impact summary for legislation enacted in 2003 and the history of capital improvements appropriations. This section concludes with an estimate of the General Revenue Fund balance, including revenues, expenditures, and transfers for FY 2004.

Topics of Interest (Section II) provides information about a wide variety of subjects of current interest. This section contains information relating to the court ordered desegregation expenditures, gaming and bingo proceeds, the tobacco settlement, the highway fund cap, tax credits, homeland security and the senior prescription drug program.

The General Information Section (Section III) provides the names of the members of the Senate, the structure of the Missouri Senate Appropriations Committee and staff, a budget process overview and a calendar of appropriation events for the completion of the FY 2004 budget.

We hope that the Annual Fiscal Report will provide the reader with a wide range of interesting topics regarding the Missouri state budget and finances. If you have any comments or suggestions please send them to Marty Drewel, Senate Appropriations Committee Staff, Rm. B-8, State Capitol Building, fax them to (573) 751-4778 or e-mail him at mdrewel@senate.state.mo.us.

MAJOR OPERATING BUDGET ISSUES FOR FY 2004

The major operating budget changes section of the Annual Fiscal Report compares the FY 2004 budget to the FY 2003 budget for each state department, elected officials, the judiciary, and the General Assembly. Appropriations from General Revenue, Federal Funds, and Other State Revenue are compared and percentage increases and decreases are provided. Additionally, the number of employees, or full-time equivalents* (FTEs), is analyzed for each state department. This section also includes the major changes that occurred in each department's budget for FY 2004. These major changes are either core* reductions, new funding for existing state programs, or funding for new state programs.

HB 1 – PUBLIC DEBT

<u>Fund</u>	<u>FY 2003 Appropriation</u>	<u>FY 2004 TAFP</u>	<u>Percentage Change</u>
GR	\$91,989,799	\$103,553,110	12.6%
FED	0	0	0.0%
OTHER	<u>19,040,165</u>	<u>987,647</u>	<u>(94.9%)</u>
TOTAL	\$111,029,964	\$104,540,757	(5.8%)
 F.T.E.	 1.40	 0.0	 (100%)

Major Changes

<u>Series</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>	<u>FY 04 Transfers</u>
Water Pollution	\$ 457,125,000	\$ 338,770,000	\$ 33,054,470
Third State	360,110,000	303,105,000	50,830,780
Fourth State	404,840,000	221,495,000	17,453,370
Stormwater	<u>45,000,000</u>	<u>43,380,000</u>	<u>3,182,135</u>
Totals	\$1,267,075,000	\$ 906,750,000	\$ 104,520,755

- Water Pollution Control Bonds-protection of the environment through the control of water pollution.
- Third State Building Bonds-provides funds for improvements of State buildings and property.
- Fourth State Building Bonds-provides funds for improvements of buildings and property of higher education institutions, the Department of Corrections and the Division of Youth Services.
- Stormwater Control Bonds-protection of the environment through the control of stormwaters.

* Core and FTE's are defined in the glossary

FISCAL YEAR 2004 GOVERNOR'S VETOES

OPERATING BUDGET,

STATEWIDE LEASING, CAPITAL IMPROVEMENTS, & REAPPROPRIATIONS

On May 30, 2003 the Governor issued an official proclamation for a Special Session to convene on June 2, 2003. This special session was called as a result of Governor vetoes on four budget bills including the Departments of Elementary and Secondary Education, Higher Education, Health and Senior Services, Mental Health, and Social Services. The Governor's methodology for vetoing these bills was outlined in the proclamation that included the following specific areas of concern;

Department of Health and Senior Services; significant reductions in substance abuse programs, services for developmentally disabled children and adults, and women's services affecting approximately 41,000 individuals.

Department of Social Services; reductions in the following programs: Medicaid, CHOICES, Grandparents as Foster Parents program, and reductions in community services programs affecting significant numbers of low-income individuals.

Department of Elementary and Secondary Education; reductions in state aid to Missouri's public school systems that would result in the layoff of 3,400 school employees, including approximately 2,000 teachers. The Governor also cited the elimination of Science, Social Studies, and Health Education assessments would adversely affect performance measures for school aged children.

Department of Higher Education; reductions in funding for college's and universities that would result in a 10% tuition and fee increase, thus adversely affecting middle and low-income families wishing to further their children's education.

As required under the proclamation the Senate met for the first extraordinary session of the ninety-second general assembly to deliberate on the budget vetoes. During the seventeen days the Senate was in special session, a spending package was crafted that added \$132.4 million, including \$45.6 million in the Department of Social Services, \$263,000 for the Department of Health and Senior Services, \$72.1 million for Elementary and Secondary Education, and \$14.4 million in The Department of Higher Education. For the education budgets these adjustments provided additional resources for the Foundation Formula, and funding for community colleges and four year institutions, including the University of Missouri System. For the Health and Senior Services budget, funding was added to restore Alternatives to Abortion, and transferring IGT funds to the CLAIM Program. In Social Services, funding was restored for nursing homes, adult Medicaid, federally qualified health centers, and increases Medicaid eligibility to 90% of the federal poverty level. As a result of these changes the Governor signed House Bills 102, 103, 10 and 11 on June 30, 2003.

There were no line item vetoes.

Fiscal Years 1992 - 2004

CONSENSUS STATE REVENUE ESTIMATE & RECEIPTS

FY 2001 thru FY 2004

The consensus revenue estimate calculated by the Office of Administration and the General Assembly attempts to provide an accurate revenue forecast for the upcoming fiscal year, based upon projections of both the national and state economic conditions and trends. The revenue estimate is one of the first areas that is analyzed before the state budget is formulated and is usually finalized in the December preceding the next fiscal year.

(1) Source: Governor's FY 2003 Executive Budget (does not include Transfers to General Revenue)

(2) Source: Governor's FY 2004 Executive Budget (does not include Transfers to General Revenue)

(3) FY03 Estimated Receipts does not included \$95,133,169 payment for Federal Relief to the States.

* Per section 136.035, RSMo, the Department of Revenue will pay refunds on any overpayment or erroneous payment of tax that the state collects. This includes, but may not be limited to, refund claims for senior citizens, sales, income, withholding, corporate, and other refunds.

Comparison of the Consensus Revenue Estimate to Actual Collections

* In FY98, FY99, & FY00 the General Assembly passed tax cuts after the original estimate was completed.

FY 2004 REVENUE PACKAGE

HB 600

The General Assembly, in the 2003 session, passed a package of tax changes that will generate approximately \$85.1 million in new revenue, including \$46.2 million in additional General Revenue, in Fiscal Year 2004. The major provisions in HB 600 are listed below.

CCS/SS/SCS/HCS/HB 600

Similar to the Federal Reimbursement Allowance, draws down additional federal funds for Rx drugs. This was enacted last session and this amendment extends the program. Relating to the tax levied on licensed retail pharmacies providing outpatient prescription drugs in Missouri - Department of Social Services may adjust more frequently for individual providers for significant changes in sales. Deletes the requirement that the tax be subject to an annual impact study by the Department of Insurance. Extends the expiration date of these sections from 2003 to 2005 (Sections 338.520 to 313.550).

ESTIMATED FY04 REVENUE: \$31,574,534 PHARMACY TAX FUND.

Allows for revoking any professional license granted by the state after issuance unless tax clearance from the Department of Revenue is verified (Section 2). **ESTIMATED FY04 REVENUE: \$19,400,000 GR.**

Allows the Secretary of State to dissolve corporations for failure to pay corporate franchise and income tax, with certain notice and other limiting provisions (Sections 351.120, 351.140, 351.484, 355.856, and 356.211). **ESTIMATED FY04 REVENUE: \$11,000,000 GR.**

Prohibits retailers from obtaining refunds of sales and use taxes if the retailer has received a prior refund of such taxes for the same specific issue; any overcollected tax may, upon audit, be credited to a retailer for a deficiency discovered during the audit (Section 144.190). **ESTIMATED FY04 REVENUE: \$10,000,000 GR.**

Requires all lottery and other gaming winnings to be included in Missouri nonresident adjusted gross income when the winnings are from a Missouri source, and requires withholding of such taxes for all winnings on electronic devices, with a \$600 minimum threshold, and withholding of such taxes on table games, with a threshold of \$1,200 (Sections 143.181 and 313.822). **ESTIMATED FY04 REVENUE: \$6,600,000 GR.**

Modifies the rebate amount for prescription drugs in the Missouri Senior Prescription Program; For all transactions that occur prior to July 1, 2003, the rebate amount shall be fifteen percent of the average manufacturers' price; For all transactions that occur on or after July 1, 2003, the rebate amount shall be fifteen percent for brand name prescription drugs and eleven percent for generic prescription drugs (Section 208.565).

ESTIMATED FY04 REVENUE: \$5,200,000 SENIOR Rx FUND.

Requires any amount of pension, annuity, or retirement allowance deducted for state individual income tax purposes to be included in the taxpayer's federal adjusted gross income and not otherwise deducted in the calculation of Missouri taxable income. Persons who are 100% disabled, as defined by federal law, are exempted from this provision (Section 143.124). **ESTIMATED FY04 REVENUE: \$2,000,000 GR.**

Requires that amnesty shall be granted for all interest and additions to tax with respect to all unpaid taxes that are paid in full between August 1, 2003, and October 31, 2003; such amnesty shall not apply to persons involved in a criminal or civil litigation related to the tax liability (Section 136.320). **ESTIMATED FY04 REVENUE: UNKNOWN GR.**

Provides an amnesty period for the penalties, interest, fees and additions to tax for failure to pay sales tax on vehicles and failure to register such vehicles; the amnesty will run from 8/1/03 to 10/31/03; after the amnesty, all such penalties will be doubled (Sections 136.325 and 144.250). **ESTIMATED FY04 REVENUE: \$500,000 HWY FUND.**

Modifies the payment in-lieu of tax scale on certain large boats or vessels documented with the U. S. Coast Guard, so as to include any watercraft purchase price (Section 306.016). **ESTIMATED FY04 REVENUE: \$500,000 GR.**

After July 1, 2005, the tax shall expire after 90 days if the dispensing fee paid to pharmacists falls below FY 2003 levels and the reimbursement dispensed by pharmacies falls below FY 2003 levels. Extends the expiration date of these sections from 2003 to 2005 (Section 338.550.1). **ESTIMATED FY04 COST: \$6,300,000 GR.**

SB 675 – Fund Sweep

This act authorizes the transfers of two years (July 1, 2001 to June 30,2003) of interest earnings from certain funds that are currently immune from the biennium fund sweep (to which most other funds are subjected), deposited in the general revenue fund. SB 675 requires several transfers from various funds.

On August 28, 2003, the interest earnings for FY02 and FY03were transferred to the General Revenue Fund per Section 33.080.2:

	TOTAL	3,935,617

PERFORMANCE BASED BUDGETING & SUNSET ACT

SB 299 & 40

Performance Based Budgeting

The act requires a performance based budgeting review of each Department and agency at least once every five years, beginning January 1, 2005. The chairs of the House Budget Committee and Senate Appropriations Committee and the State Budget Director shall review the outcome measures used for programs and funds within the department, division or agency being reviewed.

This act provides that the Budget Director must develop and implement a performance-based budgeting system that establishes goals and objectives, provides detailed measures of program and fund performance against attainment of planned outcomes, and provides for program evaluation. The Governor may consider outcome measures used for each program and fund as compared with the attainment of the established goals and objectives of the program and fund over the past three fiscal years in preparing budget recommendations to the General Assembly. The General Assembly shall consider such outcome measures and attainment of goals and objectives for each program and fund in approving appropriation levels for each program and fund.

The Governor's budget recommendations shall include all outcome measures and attainment of established goals and objectives of each program and fund for the past three fiscal years and the projected outcome measures for each program and fund for the current fiscal year and project the next two fiscal years, the most recent reports done by the State Auditor's office, and any evaluations done by the Oversight Division of the Committee on Legislative Research.

Sunset Act

This act creates the Missouri Sunset Act. Each new program enacted into law will sunset after a period of not more than six years. A program may be re-authorized for a period of up to twelve years. The Committee on Legislative Research may recommend to the General Assembly that existing programs also be sunset.

Programs that have been inactive for the two-year period prior to the scheduled sunset may be exempted from reporting, hearing and evaluation requirements. During each legislative session, Committee staff shall monitor legislation affecting programs that have undergone review and periodically report to the Committee any proposed legislative changes that would modify prior recommendations. Nothing in this act precludes the General Assembly from terminating a program at an earlier date.

A program that is sunset shall continue in existence until September first of the following year. Any moneys remaining after sunset shall be transferred to general revenue. Property and records shall either go to the office of administration or a designated state agency. Bond indebtedness and other written obligations shall remain in effect until the terms are completed and paid in full.

ESTIMATED FISCAL IMPACT OF LEGISLATION FOR FY 2004 – FY 2006

One hundred thirty-nine Senate Bills, ninety-three House Bills, three Senate Concurrent Resolutions, and two House Concurrent Resolutions were “Truly Agreed To and Finally Passed” during the 92nd General Assembly, 1st Regular Session, (2003). The Governor vetoed fourteen Senate Bills and twelve House Bills.

Presented on the following pages is a summary of the estimated fiscal impact over the next three years (2004-2006) of the legislation signed by the Governor. Numbers shown in parenthesis, such as (100,000), represent a new cost to the respective fund. Positive numbers, such as 100,000, indicate a savings to the respective fund. This listing will also reflect the bills that were vetoed by the Governor (bill #'s shown in red).

The information given on the following pages is based on information taken from the fiscal notes prepared for each bill by the Oversight Division, Committee on Legislative Research. Numbers do not include appropriations bills. When the fiscal impact of a bill included a range, the higher figure for costs and losses and the lower figure for income were used in calculating the fiscal impact. Actual costs may be higher or lower, depending on the actual appropriations. The following list of bills was provided the Oversight Division. The totals listed for House and Senate bills do not include ranged numbers.

Detailed information on individual bills, including the fiscal note, can be obtained by contacting the Senate Appropriations Staff or accessing the Senate web page at www.senate.state.mo.us and the House web page at www.house.state.mo.us.

Tax Credit Analysis

Tax credits have been a part of Missouri's tax system for decades. For instance, the Neighborhood Assistance Credit became effective in 1978. During the mid-to-late 1990s, however, Missouri experienced significant revenue growth that triggered successive years of Article X refunds to taxpayers. Along with cutting taxes, the General Assembly passed numerous tax credit programs to restrain revenue growth under the Article X revenue cap and affect certain public policies. Below are 21 tax credits with effective dates of 1998 or later:

Charcoal Producers Credit (135.313 RSMo)
Historic Preservation Credit (253.545 RSMo)
Maternity Home Credit (135.600 RSMo)
Shelters for Victims of Domestic Violence Credit (135.550 RSMo)
Sponsorship and Mentoring Credit (135.348 RSMo)
Film Production Credit (620.1039 RSMo)
Grape Grower/Wine Producer Credit (135.700 RSMo)
MOSTARS Higher Education Savings Program Credit (173.775-796 RSMo)
Rebuilding Communities Credit (135.535 RSMo)
Missouri Individual Training Account Program Credit (620.1400-1460 RSMo)
Transportation Development Credit (135.545 RSMo)
Agricultural Product Utilization Contributor Credit (348.414 RSMo)
Family Development Creation Credit (620.1560 RSMo)
New Enterprise Creation Credit (620.635-653 RSMo)
New Generation Cooperative Incentive Credit (348.414 RSMo)
Pharmaceutical Income Tax Credit (135.095 RSMo) – *repealed*
Shared Care Tax Credit (660.053-055 RSMo)
ADA Compliance Tax Credit (135.490 RSMo)
Mature Worker Child Care Credit (620.1560 RSMo)
Strategic Initiative Investment Income Tax Refund Credit (135.270 RSMo)
Rebuilding Communities and Neighborhood Preservation Act Credit (135.535 RSMo)

Through the addition and/or expansion of tax credit programs, the amount of tax credits redeemed has grown significantly over the past several years. According to information provided by the Department of Revenue:

- Tax credits cost to the State Treasury for FY 2003 (\$272 million) actually **declined** from FY 2002 (\$297 million).
- Tax credits cost to the State Treasury has grown from \$102 million in FY 1998 to \$272 million in FY 2003.
- In the past 6 fiscal years (1998-2003), tax credits have cost the State Treasury \$1.4 billion.

The following table provides further detail on Missouri's tax credit costs to the State Treasury from FY 1998 through FY 2003.

BUDGET RESERVE FUND

Legal Basis: Article IV, Section 27 (a) of the Missouri Constitution

Description: The fund was authorized by constitutional amendment on the November 7th 2000 ballot. The amendment required the transfer of the fund balances from the Cash Operating Reserve Fund and the Budget Stabilization Fund to the newly created Budget Reserve Fund. The Budget Reserve Fund is exempt from the biennial transfer of the balance and earned interest to the General Revenue Fund.

Purpose: The fund can be used for cash flow insufficiencies or budget stabilization.

Cash Flow Insufficiencies – The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any state fund if the fund balance is insufficient to maintain appropriated levels. Any cash flow transfers must be repaid to the Budget Reserve Fund, with interest, on or before May 15th of the fiscal year.

Budget Stabilization – If the Governor reduces a department's appropriation level due to a revenue shortfall, or if funds are required to assist the state due to a disaster, the Governor may request appropriations from the Budget Reserve Fund.

The General Assembly must approve the request with a two-thirds vote from both houses.

No more than one-half of the fund balance may be appropriated for this purpose at any one time.

A minimum of one-third of the amount appropriated must be repaid, with interest, in each of the three following fiscal years.

Fund Balance Limits: The fund's balance is capped at 7.5% of net general revenue receipts or 10% if approved by the General Assembly for the purpose of increasing the fund balance.

Net general revenue collections are defined as "all revenue deposited into the General Revenue Fund less refunds and revenues originally deposited into general revenue but designated by law for specific distribution or transfer to another state fund."

Excesses above the caps are transferred back to the General Revenue Fund. If the balance is less than 7.5% then the difference stands appropriated and transferred from the General Revenue Fund to the Budget Reserve Fund.

FUND BALANCES AS OF JUNE 30TH OF FISCAL YEAR

	Budget Stabilization Fund	Cash Operating Reserve Fund	Budget Reserve Fund	<u>TOTAL</u>

Calculation of Total State Revenue

In November, 1980, Missouri citizens approved an amendment to Article X of the Missouri Constitution limiting the amount of tax revenue the State may collect in any fiscal year. The amendment, referred to as the Hancock Amendment, established a ratio between personal income and total state revenues for fiscal year 1981 and used that ratio to set the Total State Revenue (TSR) limit for subsequent years.

The ratio is .056395. For FY 2003, this ratio is applied to the United States Department of Commerce's calculation of Missouri personal income for calendar year 2001 to establish the fiscal year 2003 revenue limit.

The Hancock Amendment defines total state revenues as "all general and special revenues, license and fees, excluding federal funds as defined in the budget message of the Governor for fiscal year 1980-1981." Because the limit is actually on the General Assembly's power of taxation, revenues generated by taxes approved by voters after the adoption of the amendment are excluded from the calculation of TSR. Revenues generated by any agency acting on voter approval, i.e., the Missouri Lottery, are excluded. Also, the calculation excludes refunds of any tax included in TSR.

If in any fiscal year, TSR exceeds the limit by 1% or more, the amount of the excess is to be refunded pro rata based on the taxpayer income tax liability reported on the annual Missouri income tax returns filed in the following year. If the limit is exceeded by an amount of less than 1%, the excess is transferred to the General Revenue Fund.

In any fiscal year, the revenue limit may be exceeded if: the Governor asks the General Assembly to declare an emergency and the nature of the emergency and its cost to the state are clearly specified by the Governor; and the General Assembly declares an emergency by a two-thirds majority vote. The emergency must be declared prior to the expenditure of any "excess" revenue. Refunds resulting from provisions of the amendment cannot be the subject of any request to declare an emergency.

The Hancock Amendment includes further provisions limiting tax increases of political subdivisions and limits state government's flexibility to reduce support or impose new responsibilities on to local governments. This material is beyond the scope of this text. Interested persons should refer to the Missouri Constitution, Article X, §§ 21 and 22.

The Tobacco Master Settlement Agreement Proceeds have been determined by the Office of Administration – Budget and Planning to be recovery costs for Medicaid expenses related to smoking and, therefore, exempted from Total State Revenue. This issue faces a likely court challenge.

It is unlikely that the Hancock Amendment will be triggered in the foreseeable future. The state is currently hundreds of millions of dollars below the refund threshold, and Article X, Section 18(e) of the Missouri Constitution mandates that the people must vote any major tax increase, and therefore it would be excluded from total state revenue.

Article X, Section 18(e) states that in any one year the general assembly shall not increase taxes or fees by more than \$50 million adjusted for growth in Missouri personal income. For 2004 the adjusted limit is approximately \$76 million. If the general assembly increases taxes or fees by more than the limit, the largest tax or fee increases must go to a vote of the people.

State of Missouri Bonded Indebtedness

The General Assembly is authorized by constitutional and statutory provisions to authorize the issuance of debt for various purposes. The Board of Fund Commissioners and the Board of Public Buildings are responsible for managing the state's issuance of general obligation instruments and revenue bonds, respectively. In addition, the General Assembly has created several financing authorities responsible for raising capital via debt issuance for specific purposes.

General Obligation Instruments

The State of Missouri presently has several outstanding issues of Water Pollution Control (WPC), Third State Building (TSB), Fourth State Building (FSB), and Stormwater Control Bonds (SWB) general obligation bonds. WPC bonds provide funding for various projects aimed at protecting the environment through the control of water pollution. TSB bonds provide funding for necessary improvements to state buildings and property. FSB bonds provide funding for improvements of buildings and property of higher education institutions, the Department of Corrections, and the Division of Youth Services. SWB bonds provide funds for state use to protect the environment through the control of stormwaters. All are secured by a pledge of the full faith and credit of the state of Missouri.

The Constitution of the State of Missouri establishes limits for WPC, TSB and FSB bonds. The constitutional limit on WPC bonds is \$725 million (Article III, § 37(b), 37(c), 37(e), Missouri Constitution). The constitutional limit on TSB bonds is \$600 million (Article III, § 37(d), Missouri Constitution). The constitutional limit on FSB bonds is \$250 million (Article III, § 37(f), Missouri Constitution). The constitutional limit on SWB bonds is \$200 million (Article III, § 37(h)). The amount of WPC bonds that remain authorized but not yet issued is \$210,505,760. All third and fourth state building bonds have been issued. The amount of SWB bonds that remain authorized but not yet issued is \$170,000,000. There is no remaining amount of authorization to be issued for the TSB and FSB bonds.

The Board of Fund Commissioners may issue additional WPC and TSB bonds for the purpose of refunding prior issues at lower rates of interest. Principal amounts of the refunding issues are not subject to the respective constitutional limits.

Revenue Bonds

Upon approval of the General Assembly, the Board of Public Buildings is authorized to issue revenue bonds for state building projects to house state agencies. The Department of Natural Resources (DNR) is also authorized to issue revenue bonds with the General Assembly's approval. DNR uses revenue bond proceeds for the acquisition and/or development of park facilities.

Revenue bonds are secured by revenues generated from the projects they finance and are not backed by the full faith and credit of the state. Section 8.420, RSMo, limits revenue bond issuance by the Board of Public Buildings to \$825 million. Sections 253.210-253.280, RSMo, limit revenue bonds issued by DNR to \$5,167,000 for state parks.

Both the Board of Public Buildings and DNR are allowed by statute to issue bonds for the purpose of refunding outstanding issues. As with general obligation bonds, revenue bonds are

refunded when lower rates of interest are available. Since 1983, the Board has issued \$299,060,000 of refunding bonds, referred to as State Building Special Obligation Refunding Bonds, saving the state an estimated \$17.5 million. The Department of Natural Resources has not issued any refunding bonds.

In May of 2001, the Board issued \$173,870,000 principal amount of State Building Special Obligation Bonds, Series A 2001 for the purpose of financing the Jefferson City Correctional Center, the Western Missouri Mental Health Center, the Department of Natural Resources Office Building, to purchase a building presently being leased by the State and pay certain costs of issuance of the Bonds. In 2003, \$387,425,000 was issued to reimburse General Revenue for costs of various capital improvements projects and new construction for a state health laboratory, University of Missouri – Kansas City Pharmacy building, and a University of Missouri – Columbia Life Sciences building.

Other Debt Issuances

On August 15, 1991, the St. Louis Regional Convention and Sports Complex Authority issued \$132,910,000 of Convention and Sports Facility Project bonds for the eastern expansion of the existing Cervantes Convention Center in St. Louis. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the state. However, under a financing agreement dated August 1, 1991, appropriations are made from General Revenue to pay the principal and interest due each year. The Regional Convention and Sports Complex Authority issued \$121,705,000 of Convention and Sports Facility Refunding Bonds in December, 1993. Payments are to conclude in fiscal year 2021. Annual appropriation is \$2,000,000.

Section 67.641 RSMo establishes appropriations up to \$2,000,000 annually to be paid from the state general revenue fund to each convention and sports complex fund created pursuant to Section 67.639. In 1997 67.641 RSMo was revised and annual state contributions was increased from \$2,000,000 to \$3,000,000. In fiscal year 1991 the Kansas City Convention Center (Bartle Hall) began receiving \$2,000,000 annually from the State. Payments will continue until fiscal year 2015. In fiscal year 1991 Jackson County Convention Center (Kauffman/Arrowhead Stadium) began receiving \$2,000,000. In fiscal year 1998 the amount was increased to \$3,000,000 and will continue until fiscal year 2015.

On November 1, 2001 the Missouri Health and Education Facilities Authority (MOHEFA) issued \$35,000,000 of Educational Facilities Revenue Bonds Series 2001 to finance the University of Missouri – Columbia. The State's debt service payments will begin in fiscal year 2005 when the first principal payment is due. Interest amounts due prior to fiscal year 2005 are to be paid from interest capitalized from the bond proceeds. Payments will continue until fiscal year 2022.

On April 15, 1997, the Springfield, Missouri State Highway Improvement Corporation issued \$16,440,000 of transportation revenue bonds for improvements to various projects of the Highway and Transportation Commission and the City of Springfield. Under an agreement between the two entities, the Commission will pay \$10,507,857 to the Corporation to pay for principal and interest due on the bonds. The City of Springfield will pay the remainder of the debt service requirements.

On August 1, 1999 the Springfield, Missouri State Highway Improvement Corporation issued \$17,240,000 of Springfield, Missouri State Highway Improvement Corporation Transportation Revenue Bonds Series 1999 for the purpose of financing improvements to various projects of the Highway and Transportation Commission and the City of Springfield. These bonds are not an obligation of the Corporation and do not constitute a pledge of the full faith and credit of the State. However, under an amended financing agreement dated August 5, 1999, the Missouri Highway and Transportation Commission will make payments to the corporation in amounts sufficient to pay principal and interest due on \$11,368,588 of bonds. The City of Springfield will pay the remainder of the debt service requirements.

On September 1, 1997 the Missouri Highway 179 Transportation Corporation issued \$22,930,000 of highway revenue bonds for the purpose of acquisition of right-of-way and construction of an extension of Missouri Highway 179 from U.S. Highway 50 to Route B in Cole County, Missouri. At the same time, the Highway and Transportation Commission entered into a financing agreement to make payment to the Corporation in amounts sufficient to pay principal and interest due on \$18,385,625 of bonds. The City of Jefferson and the County of Cole will pay the remainder of the debt service requirements.

In May 2001, the Wentzville Parkway Transportation Corporation issued \$12,935,000 of Transportation Revenue Bonds, Series 2001 for the purpose of financing the Wentzville Parkway project. These bonds are not an obligation of the Corporation and do not constitute a pledge of the full faith and credit of the State. At the same time, the Missouri Highways and Transportation Commission entered into a financing agreement to make payments to the Corporation amounts sufficient to pay principal on \$8,849,000 of the bonds.

The Fulton 54 Transportation Corporation issued \$8,705,000 of Highway Revenue Bonds Series 2000 dated September 1, 2000. These bonds are not an obligation of the corporation and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement dated September 1, 2000, the Missouri Highways and Transportation Commission will make payments to the Corporation in amounts sufficient to pay principal due on \$7,695,000 of bonds. The remainder of the debt service requirements will be paid by the City of Fulton.

The Missouri Highways and Transportation Commission authorized by the State Highway Act, issued \$250,000,000 of State Road Bonds Series A 2000 dated December 1, 2000, for the purpose of providing funds to finance project costs for highway construction and repairs scheduled in the five-year plan, to fund capitalized interest on the series, and to fund related issuance cost. The principal and interest of the State Road Bonds are payable solely from the State Road Fund's revenues as provided in the Missouri Constitution. In October 2001, \$200,000,000 was issued and in June 2002 \$203,000,000 was issued.

Lease/Purchase Agreements

On March 1, 1994 Missouri Public Facilities Corporation sold Certificates of Participation (Acute Care Psychiatric Hospital Project) Series A 1994 in the amount of \$22,250,000. The State of Missouri entered into a lease/purchase agreement to lease the acute care psychiatric hospital. The certificates of participation represent proportionate ownership interests of the certificate holders in the lease agreement. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates.

On April 1, 1995, the Missouri PRC Corporation sold Certificates of Participation (Psychiatric Rehabilitation Center Project) Series A 1995 in the amount of \$19,190,000. At the same time, the State of Missouri entered into a lease/purchase agreement to lease the psychiatric rehabilitation center. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates, and are subject to annual appropriation by the General Assembly.

On July 1, 1995, the Northwest Missouri Public Facilities Corporation sold Certificates of Participation (Northwest Missouri Psychiatric Rehabilitation Center Project) Series B 1995 in the amount of \$14,795,000. The State of Missouri entered into a lease/purchase agreement to lease the psychiatric rehabilitation center. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates, and are subject to annual appropriation by the General Assembly.

On May 27, 1999 the Missouri Public Facilities Corporation II sold Certificates of Participation (Bonne Terre Prison Project) Series A 1999 in the amount of \$106,190,000. At the same time, the State of Missouri entered into a lease/purchase agreement to lease the prison. The certificates of participation represent proportionate ownership interests of the certificate holders in the lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates, and are subject to annual appropriation by the State legislature.

The information provided is from the Office of Administration, Division of Accounting.

Missouri Transportation Funding

Ever since Missouri began building roads, every legislature has had to face the issue of how to pay for new roads and to maintain the current ones. Over the years, Missouri has passed various motor fuel taxes and even issued bonds to pay for Missouri's roads. Historically, Missouri has primarily relied upon motor fuel taxes and user fees, such as registration fees and drivers' license fees, to pay for highways. The funding for transportation is detailed in the paragraphs below and also on the flow chart that follows.

Motor Fuel Tax

The Missouri state fuel tax was originally enacted in 1924. Since then, the fuel tax has risen from 2 cents to 17 cents per gallon by the legislative process and by referendum. In 1987, Missouri voters approved a road and bridge program (Proposition A) that increased the motor fuel tax from 7 to 11 cents per gallon and increased heavy truck registration fees 10 percent. In the 1992 session the General Assembly passed HB 1247 which increased the motor fuel tax by 2 cents in 1992, 1994, and 1996, increasing the total motor fuel tax from 11 cents to 17 cents.

Sales and Use Tax on Motor Vehicles

In 1979, Article IV, Section 30(b) of the Missouri Constitution was amended to add sections 30(b)2 and 30(b)3. Section 30(b)2 provides that one-half of the proceeds from the state sales tax on motor vehicles is to be dedicated for highway and transportation use and distributed as follows: 10% to counties, 15% to cities, 1% to the State Transportation Fund and 74% to the State Road Fund. Section 30(b)3 provides that any increase in state license fees and taxes on motor vehicles is to be distributed as follows: 10% to counties, 15% to cities, and 75% to the State Road Fund. At the time of the adoption of amendment, the general sales tax was 3%; however, the adoption of Proposition C (effective January 1, 1983) increased the general sales tax by 1% to 4%. This increase is viewed as increase in taxes on motor vehicles under Section 30(b)2 and results in a slightly different distribution of the increase.

Motor Vehicle License, Driver's License and Other Fees

Annual motor vehicle license fees are based on horsepower in the case of passenger vehicles and on weight and region of operation in the case of trucks. License fees vary from \$18.00 to \$51.00 for passenger vehicles and from \$15.50 (for local trucks 6,000 pounds and under) to \$1,719.50 (for beyond local trucks over 78,000 pounds) for trucks. Driver's license fees range from \$15.00 for a standard license to \$40.00 for a commercial driver's license. Additional revenue is also derived from miscellaneous other fees such as safety inspection decal fees, overweight and overdimension permit fees and truck regulation fees. Motor vehicle license, driver's license and other similar user fees are deposited in the State Highways and Transportation Department Fund, except that, pursuant to Section 30(b)3 of the Missouri Constitution, any increases in such fees after January 1, 1980, are allocated as follows: (a) 75% to the State Road Fund and (b) 25% to counties and cities.

Cost of Collection

Under Article IV, Section 30(b) of the Missouri Constitution and Section 142.345, RSMo, the actual costs of collecting the motor fuel tax are transferred to the State Highways and Transportation Department Fund for reimbursement by appropriation to the agencies incurring the costs. These costs and the costs of collecting other state revenues from highway users, which consist primarily of compensation and other operating expenses and miscellaneous capital expenses, are appropriated to the Department of Revenue and various state agencies by the General Assembly from the State Highways and Transportation Department Fund. The amount appropriated from this fund was capped at the fiscal year 2001 level.

Cost of Administering or Enforcing State Motor Vehicle Laws or Traffic Regulations

Under Article IV, Section 30(b) of the Missouri Constitution, the costs for enforcing our motor vehicle and traffic laws are paid by appropriation from the State Highways and Transportation Department Fund to the Department of Public Safety. Appropriations for these costs are subject to the 2001 fiscal year limitations.

Motor Fuel Tax Refunds

Article IV, Section 30(a) of the Missouri Constitution imposes a tax only on fuel used for propelling highway motor vehicles. Under section 142.806, all undyed motor fuel is presumed to be used on the highways of the state to propel motor vehicles. Section 142.824, however, provides a method for claiming a refund of fuel tax paid on fuel, which is not used for propelling highway motor vehicles. Section 142.345 provides that the amount of the tax collected with respect to fuel not used for highway purposes is to be transferred to the State Highways and Transportation Department Fund to be refunded. Most of the refunds are for refunds under the International Fuel Tax Agreement (IFTA), which compensates states for fuel bought in one state but used in another. An amount is appropriated each fiscal year by the General Assembly to the Department of Revenue for making these refunds.

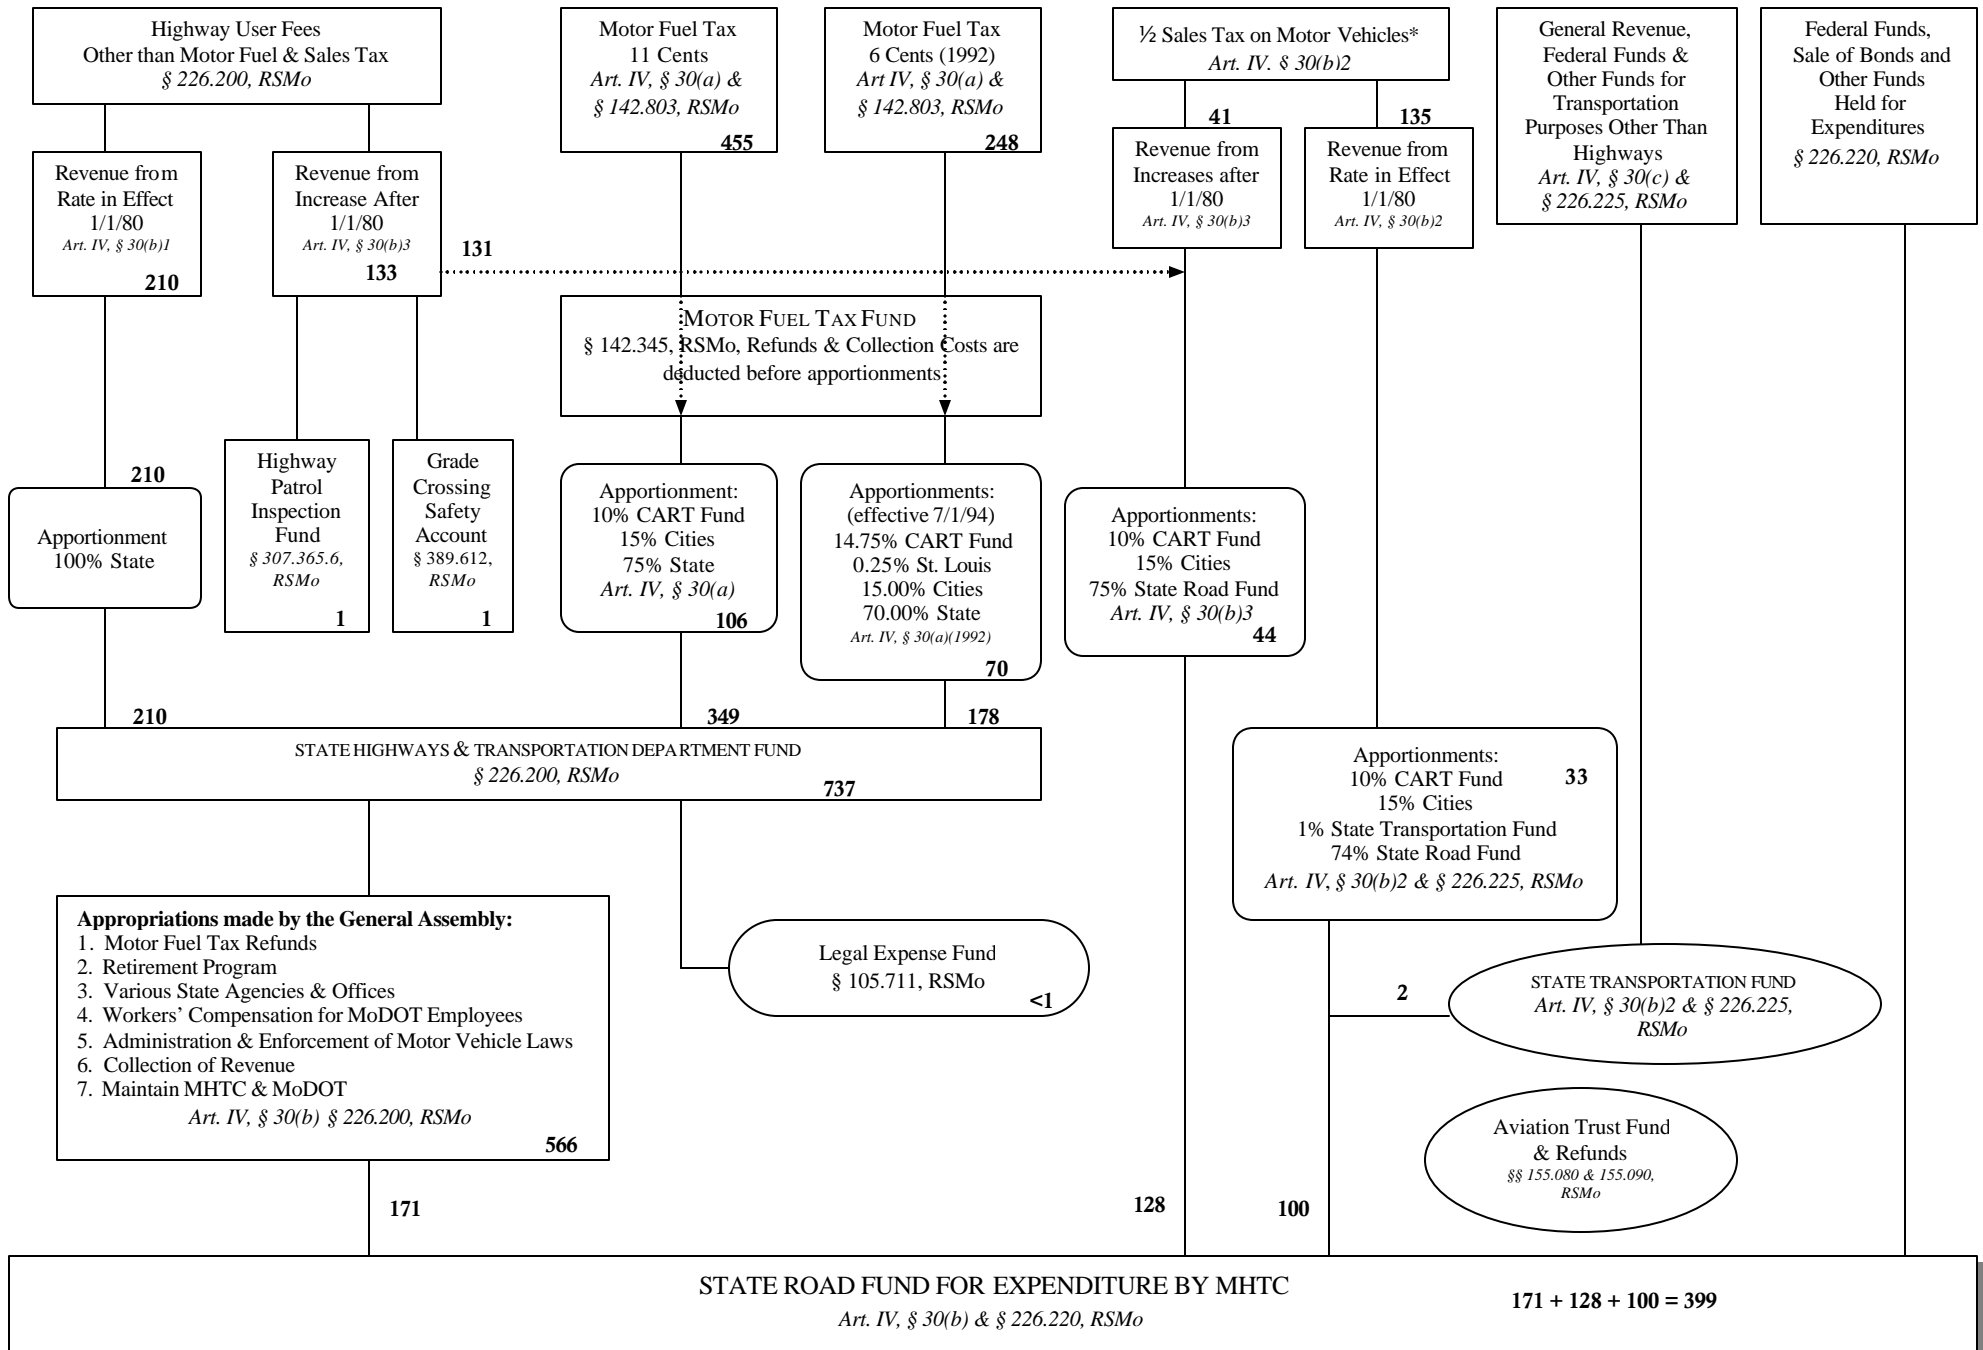

Allocation of Motor Fuel Tax To Counties and Cities

Pursuant to Article IV, Section 30(a) of the Missouri Constitution, the remaining net proceeds of the motor fuel tax (after deducting costs of collection, apportionment and making refunds) is apportioned between the counties, cities and the state and stands appropriated without General Assembly action. The net proceeds of the motor fuel tax (the 11 cent portion) is distributed as follows: 10% to the County Aid Road Trust Fund (CART) for allocation among the various counties, 15% to the various cities and 75% to the state. The six-cent portion of the motor fuel tax is distributed as follows: 14.75% to the CART Fund, .25% to the City of St. Louis, 15% to the cities and 70% to the state.

Fiscal Year 2002
(millions of dollars)

MISSOURI DEPARTMENT OF TRANSPORTATION FUNDING

Current Flow of Funds

*Currently, all motor vehicle sales tax is being distributed 74% State Road Fund, 1% State Transportation Fund, 15% Cities, and 10% CART Fund

Cap on Highway Fund Appropriations To Non-Highway Agencies

Legislation (SB 135, 63) authorizing a 4 cent motor fuel tax increase effective July 1, 1987, established a cap on expenditures from the Highway Fund by other non-highway agencies (§226.200 (3) RSMo). The cap was set at the FY 87 expenditure level and was approximately \$119.6 million. The bill required that when expenditures from the Highway Fund exceeded the cap, the fund must be reimbursed from General Revenue the next fiscal year.

The motor fuel tax increased to six cents in 1992 with the passage of HB 1247, in which the fixed ceiling of \$119.6 million was changed to a flexible ceiling (§142.372 RSMo). Therefore, the growth in funds allocated to non-highway agencies could increase by the same percentage as the overall increase in state highway revenue sources.

During the 2000 legislative session, the passage of House Bill 1742, re-established a fixed cap (§ 226.200 RSMo). This action will require the reimbursement of General Revenue funds to the Highway Fund when expenditures exceed the FY 01 level of expenditures.

During the 2002 legislative session, the passage of House Bill 1196 provides for the removal of the cap beginning in fiscal year 2004 for the Mo. State Highway Patrol for enforcement related activities, and actual costs incurred by the Office of Administration for or on behalf of the Patrol and employees within the Department of Transportation. In addition, beginning in fiscal year 2008, any activities of the Patrol that are not related to the enforcement of laws pertaining to motor vehicle and usage of the highways shall be supported with general revenue, or other applicable funding sources. This legislation also maintains a cap, which is set at the fiscal year 2001 level for the Department of Revenue, and other non-highway related agencies that are currently authorized to receive funding support from the State Highways and Transportation Department Fund.

The Department of Public Safety and Department of Revenue utilize a significant portion of Highway Fund revenue allocated for non-highway related purposes. The Department of Public Safety is compensated for patrolling the state's highways. Likewise, the Department of Revenue is compensated for implementing state motor vehicle and driver statutes. Other agencies receive Highway Fund revenue for work that relates to the state's highway system.

COURT ORDERED DESEGREGATION AGREEMENT FISCAL YEAR 2004

Certain state payments formerly made to the Kansas City and St. Louis school districts under court order have been reallocated pursuant to the provisions of SB 781 (1998), Section 162.1060 RSMo, and the terms of the 1999 settlement agreement in the St. Louis Desegregation case (Liddell v. the Board of Education of St. Louis City). In prior years, the state was required to expend moneys in order to improve the quality of education in St. Louis and Kansas City, in order to comply with the orders of U.S. District Courts for Eastern and Western Missouri. Prior to 1993, desegregation payments were made pursuant to federal court order and were not appropriated. Subsequently, these payments have been appropriated to the Department of Elementary and Secondary Education.

The 1999 settlement agreement provides for \$180 million in capital to be paid to the St. Louis Public Schools beginning in FY 2000. Payments are to be made as follows:

July 1, 1999	\$28.5 million	July 1, 2005	\$13.0 million
July 1, 2000	\$25.0 million	July 1, 2006	\$12.0 million
July 1, 2001	\$20.0 million	July 1, 2007	\$11.0 million
July 1, 2002	\$20.0 million	July 1, 2008	\$10.0 million
July 1, 2003	\$16.5 million	July 1, 2009	\$9.0 million
July 1, 2004	\$15.0 million		

A total of \$50 million was paid to the Voluntary Inter-District Choice Corporation in two payments. The first payment was made in fiscal year 2000 and the second payment in fiscal year 2001.

Listed below, are the expenditures of the St. Louis Desegregation Plan and the Kansas City Desegregation Plan that were mandated by court order. The following information is as of June 30, 2003.

St. Louis Desegregation Plan

The fiscal year 1998 Kansas City Desegregation figures reflect moneys that were placed in escrow during fiscal year 1997 but not applied until fiscal year 1998.

RECENT LITIGATION

As of August 1, 2003 there are two issues currently being litigated that could impact the St. Louis desegregation settlement. The district has asked for and received permission to use its state appropriated desegregation funding for the purpose of managing cash flow in the operating budget. Still at issue is whether a multi-year repayment of the desegregation fund will be allowed, rather than the district having to repay the fund by the end of the same fiscal year.

The district has also filed suit claiming that the amount of funding appropriated through the foundation formula in FY 2003 and FY 2004 are below the minimum levels provided for the settlement agreement. The Circuit Court found in favor of the district in early July 2003. As of August 2003, hearings on damages and/or appeals have not taken place.

STATE EMPLOYEE PAY PLAN HISTORY

FY 91 – FY 2004

The pay plan is created by the Personnel Advisory Board (PAB) and reviewed by the Ad Hock Task Force on Total Compensation. The task force recommendations are integrated into a final plan the PAB submits to the Governor's office and to Budget and Planning. The Governor makes a final recommendation to be reviewed by the legislature.

Fiscal Year	Date Implemented	Description	Positions Under Salary Commission
FY 2004	July 1, 2003	\$600/year beginning July 1, 2003 for employees with an annual salary not greater than \$40,000	NONE
FY 2003	July 1, 2002	No pay plan was offered	NONE
FY 2002	July 1, 2001	No pay plan was offered Exceptions <ul style="list-style-type: none"> • 2% Increase for those classified as direct care staff working in State Habilitation Centers (Department of Mental Health) and for those classified as Psychiatric Aides I and II in State Mental Hospitals • Repositioning of those from ranges 3 and 4 to range 5 (Referred to as Basic Living Wage Reposition) Typical job titles include: Laundry, Janitorial, Custodial, and Food Service Worker 	NONE
FY 2001	July 1, 2000	\$600/year beginning July 1, 2000 1 step within grade (2%) July 1, 2000 \$420/year beginning January 1, 2001	Judges - \$3,000 per year July 1, 2000 Elected Officials, General Assembly – \$300/year July 1, 2000 1 step within grade (1%) July 1, 2000 \$210/year January 1, 2001
		Exceptions <ul style="list-style-type: none"> • Department of Social Services frontline positions (Social Service Worker I & II, Caseworker, Self-Sufficiency Casemanager, Social Service Supervisor and Income Maintenance Supervisor) requiring a college degree or equivalent experience will receive a one range repositioning (approximately 4% increase) in lieu of the 1 step within grade and will receive the \$600 and \$420 COLAS. • Veteran's home' nursing aides will receive the general pay plan with adjustments to equalize the starting salary for Nursing Aide I's to be \$16,716 and to equalize the starting salary of Nursing Aide II's to be \$19,104. • Water Patrol Officers will receive a one range repositioning (approximately 4% increase) in lieu of the 1 step within grade and will receive the \$600 and \$420 COLAS. • Highway Patrol Officers will receive the state pay plan plus varying adjustments to create their own pay grid. 	

Fiscal Year	Date Implemented	Description	Positions Under Salary Commission
FY 2000	July 1, 1999	1% COLA Up to 2 step within grade (about 4%)	Judges – Salary based on Salary Commission Recommendation General Assembly – 5% Elected Officials – 5% - except Lt. Gov. which was based on Commission recommendation ALL INCREASES WERE INITIALLY VETOED, but fully funded Commission recommendation in supplemental appropriation
FY 99	July 1, 1998	1% COLA Up to 2 step within grade (about 4%)	5%
		\$10 per month flexible benefit	SAME
*FY 98	July 1, 1997	1% COLA Up to 2 step within grade (about 4%)	Judges, Elected Officials, General Assembly - 2.9%
	Jan. 1, 1998	\$10 per month flexible benefit	SAME
FY 97	July 1, 1996	2% COLA Up to 2 step within grade (about 4%)	N/A
FY 96	July 1, 1995	2% COLA 1 step within grade (about 2%)	N/A
	Jan. 1, 1996	\$25 State match for employees in Deferred Compensation Plan.	
FY 95	July 1, 1994	3% plus \$200 COLA	N/A
FY 94	July 1, 1993	1% plus \$400 COLA \$360 additional health insurance contribution	N/A
FY 93		No pay plan was offered or approved.	N/A
FY 92		No pay plan was offered or approved.	N/A
FY 91	July 1, 1990	2% within grade adjustment	N/A

*FY 98 was the first year that the Salary Commission made a recommendation. Previously, Elected Officials, Judges, and the General Assembly received pay increases equal to that of state employees.

GAMING & GAMING COMMISSION REVENUE

Senate Bill 10 & 11 (86th General Assembly, 1st Regular Session, 1994) created the Missouri Gaming Commission, which became responsible for the licensing and regulation of excursion gambling boats throughout the state. After June 30, 1994, this act also provided for the transfer of responsibilities of licensing and regulation of bingo activities to the Gaming Commission.

Revenues generated from the gaming industry provide for the operation of the Missouri Gaming Commission (§ 313.835 RSMo), as well as providing a portion of the funding for education throughout the state (§ 313.835 RSMo; Article IV, Section 15, Missouri Constitution). The following information outlines how gaming revenues are divided between the State Education Fund and the Gaming Commission.

Gaming Revenue in Missouri

The following summarizes how the funding mechanism allocates dollars to both the operation of the Gaming Commission and to the State Education Fund.

- There is a \$2 boarding fee, paid either by the gambler or the casino, \$1 of which supports the operation of the Gaming Commission, with the other \$1 going to the local government.
- 80% of the gamblers' losses goes to the boat, while 2% goes to the local government. The remaining 18% (Gaming Tax) is allocated to the State Education Fund.

Contribution of Gaming Proceeds (18% tax) to Education

	FY 2002	FY 2003	FY 2004 (estimated)
Gaming Revenue	\$1,076,394,444	\$1,386,122,222	\$1,287,944,444
Gaming Proceeds to Education	\$217,678,333	\$234,505,836	\$227,800,000

For FY 2001 and 2002, the School District Bond Fund was allocated \$7 million with the remainder being allocated to the foundation formula through the State Schools Money Fund. For FY 2003 the Bond Fund amount was reduced to \$2.3 million, and \$450,000 for FY 2004.

Appropriations of Gaming Commission Fund Revenues (\$1 boarding fee) **

	<u>FY 2002</u>	<u>FY 2003</u>	<u>FY 2004</u>
Juvenile Court Diversion	\$500,000	\$500,000	\$500,000
Veterans Commission CI Trust Fund	\$3,000,000	\$3,000,000	\$3,000,000
MO National Guard Trust	\$3,000,000	\$3,000,000	\$3,000,000
MO College Guarantee	\$4,500,000	\$4,500,000	\$4,500,000
Early Childhood	\$22,122,842	\$28,070,061	\$21,831,154
Compulsive Gambling	\$452,696	\$489,850	\$489,850
Administrative Expenses	<u>\$17,056,989</u>	<u>\$17,311,082</u>	<u>\$17,742,347</u>
TOTAL	\$50,632,527	\$56,870,993	\$51,063,351

NOTE: The amounts listed above for the Veterans Commission Capital Improvements Trust Fund, National Guard Trust, MO College Guarantee are transferred amounts from HB 8. The remaining items; Juvenile Court Diversion (HB 11), Early Childhood (HB 2), Compulsive Gambling (HB 10), and Administrative Expenses (HB 8) are appropriated dollar amounts.

*** HB 444 passed in the 2003 legislative session provides for changes in the distribution of excess moneys in the Gaming Commission Fund. The provisions of this legislation changes the amount of funding to the Veterans' Commission Capital Improvements Trust Fund to \$6.0 million, the Mo. College Guarantee Fund to \$5.0 million, the Mo. National Guard Trust Fund to \$4.0 million, and \$28.0 million to the Early Childhood Education and Care Fund. Remaining funds after the transfers listed above will be placed in the Early Childhood Education and Care Fund.*

LOTTERY COMMISSION REVENUE

On November 6, 1984, Constitutional Amendment No. 5 was passed by the voters of this State, authorizing a state lottery and Lottery Commission, Article III; 39(b). Senate Bill 44, (83rd General Assembly, 1st Regular Session, 1985) provided enabling legislation to implement the state lottery. The Commission is charged with supervising the lottery, and issuing rules and regulations pertaining to its operation, State Statutes 313.200-313.350 RSMo.

Revenues generated from the sale of lottery tickets provide for the operation of the Commission, prize money, retailer commissions and incentives, and funding for various education programs. The following information outlines how lottery revenues are allocated.

Lottery Revenue in Missouri

The following information provides a brief summary of how lottery proceeds are allocated.

- 60.5 cents of every dollar is returned to the players as prize money.
- 27.5 cents provides money to the state's education appropriations.
- 6.0 cents is used to fund the operation of the Lottery.
- 6.0 cents provides for retailer commissions and incentives.

	FY 2002	FY 2003	FY 2004 Est.
Lottery Revenue Amounts	\$586,508,266	\$708,429,410	\$660,000,000

Contributions of Lottery Proceeds to Education

The listing below provides the amount appropriated to the Department of Elementary and Secondary Education and the Department of Higher Education for operating expenditures from Lottery Proceeds:

	<u>Elementary & Secondary Education</u>	<u>Higher Education</u>	<u>Total</u>
Fiscal Year 2002 (actual)	\$ 86,510,758	\$ 77,125,147	\$ 163,635,905
Fiscal Year 2003 (actual)	\$112,114,561	\$ 72,162,634	\$ 184,277,195
Fiscal Year 2004 (approp.)	\$121,134,277	\$74,309,417	\$195,443,691

Lottery proceeds are distributed throughout the Department of Elementary and Secondary Education's budget with the largest portions going to categorical funding for transportation, early childhood special education, and the A+ Schools program.

In the higher education budget, lottery proceeds are appropriated primarily to the operating budgets of the public two- and four-year colleges and universities. Each school's lottery amount accounts for roughly 8% of their total state appropriation.

JUDICIAL CASELOAD SUMMARY

The judicial system in Missouri uses a three-level court system comprised of the Supreme Court, the Court of Appeals, and the Circuit Courts. The Supreme Court being the highest level with jurisdiction in all areas of the state, the Appellate Courts established in three districts, and the Circuit Courts located in forty-five separate districts.

In all of the three court systems there were 855,858 court cases filed in fiscal year 2002, of which 830,811 were disposed of through the judicial process for the same time period. These figures reflect a 97.1% disposition/filed ratio that indicates a favorable level of success with regard to how well the court system is keeping pace with the workload. A disposition/filed ratio of 100% would indicate that each case that was filed was successfully disposed of, while a ratio greater than 100% would indicate that more cases were disposed of than were filed, thus indicating a reduction in its pending caseload.

The tables on the following pages provides more specific information regarding the types of cases filed in fiscal year 2002, for the Supreme Court, Appellate Court, and the Circuit Court systems. For example, table #1 provides a summary of types of cases filed, the number disposed and the total number of pending cases. This table provides a breakdown of caseload for all three courts. Table #2 reflects the number of cases filed and disposed of for the Supreme Court, including death penalty and revenue appeals cases filed in fiscal year 2002. Table #3 provides the same type of information for the Appellate Courts, and table #4 provides the caseload for the Circuit Court system. As indicated on table #4, the percentage of change in cases filed is provided in the far right column.

The following pages also provide state maps showing the districts of the Appellate Courts, including the counties within each district. The Circuit Court map shows the location of the forty-five circuits throughout the state, and provides a brief summary on the number of circuit judges serving throughout the state.

Circuit Courts

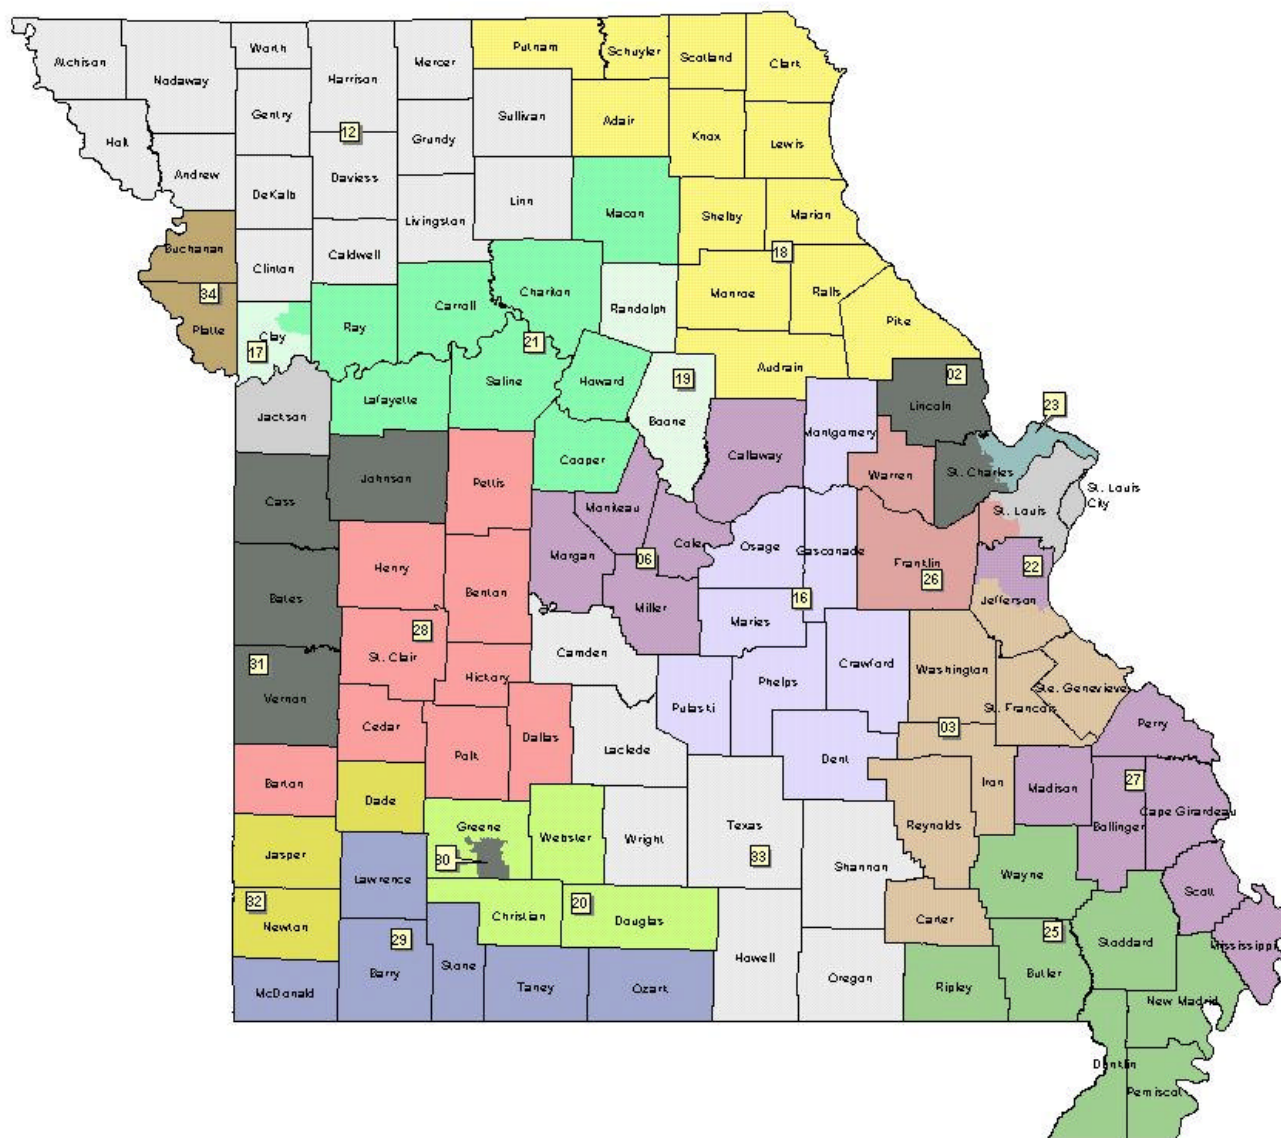

The Circuit Court system in Missouri has grown from having two circuit courts that were originally established in 1815, to forty-five circuits in 2003. The divisions within the Circuit Court include the circuit, associate and municipal divisions, in which judges may perform their duties within all jurisdictions. The number of judges depends upon the population of each circuit, however, the Constitution requires at least one circuit judge in each of the forty-five judicial circuits. In addition, the Constitution also requires at least one resident associate circuit judge in each county within any given circuit. As is the case with circuit judges, the number of associate circuit judges depends upon the county population. At the present time there are 186 associate circuit judges serving in the State of Missouri. For municipalities with a population that exceeds 400,000 is required to establish a municipal division of which a municipal judge presides. Cities and townships that have less than 400,000 have the option to establish a municipal division for hearings pertaining to local ordinances, or may request that local ordinance issues be handled by the associate circuit court.

State Budget Control Committee

House bills after having been reported by the regular standing committee to which it was assigned shall be referred to the budget control committee for its consideration prior to its being considered by the Senate for third reading and final passage. Any Senate or House bill, amended in a manner that would increase expenditures or reduce revenue in excess of \$100,000 during either of the first two years that public funds will be used to fully implement its provisions is required to be referred or re-referred to the budget control committee. The author or first-named sponsor of a bill referred to the Committee on State Budget Control is also entitled to testify during a hearing on his or her bill but such committee hearing shall be limited to the reception of testimony presented by the author or first-named sponsor in person and none other. The Committee on State Budget Control may recommend the passage of a bill subject to the adoption of an amendment specifying a certain effective date proposed by the committee, and if such an amendment is not adopted the bill shall again be referred to that committee.

The Senate Appropriations Committee Staff is responsible for updating the State Budget Control Committee on the accumulated costs associated with bills that have been passed through the committee, and bills that are under consideration for each hearing. The staff is also responsible for follow-up on questions that committee members may have when bills are being considered, and the tracking bills that would have an impact on total state revenues as defined in Article X, Section 18(e) of the Missouri Constitution.

The Committee on State Budget Control considers all bills, with the exception of regular appropriation bills, which require new appropriations or expenditures of appropriated funds in excess of \$100,000. The committee also considers bills which reduces such funds by that amount during either of the first two years that public funds will be used to fully implement the provisions or programs of the given act. For Senate bills, after having been approved by the regular standing committee to which it has been assigned and after the same has been perfected and ordered printed by the Senate, is also referred to the budget control committee for its consideration. This is done prior to its submission to the Senate for final passage by the senate.

During the 2003 legislative session, the Committee on State Budget Control considered forty-six Senate and House bills that had a total fiscal impact in state funds of \$135.1 to \$180.2 million for fiscal year 2004, \$(8.1) to \$248.9 million for fiscal year 2005, and \$54.7 to \$269.1 million for fiscal year 2006.

BUDGET PROCESS OVERVIEW

STATE OF MISSOURI

I. Department Budget Preparation

- A. State agencies prepare budget requests during summer and fall for the following fiscal year in accordance with guidelines issued by the Office of Administration's Division of Budget and Planning.
- B. Budget requests are submitted to OA-Budget and Planning by October 1. Copies are submitted to the legislature at the same time.

II. Governor Recommends Executive Budget

- A. After analysis by OA-Budget and Planning, the Executive Budget is published in mid-January.
- B. Governor gives State of the State and Budget Message to a Joint Session of the Legislature in the first few weeks of the legislative session in January.
- C. Appropriations Bills, the first twenty House Bills, are introduced by the Chairman of the House Budget Committee to reflect the Governor's recommended budget.

III. House Appropriations Committees Operating Budget Hearings

- A. After introduction, Appropriations Bills are referred to the House Budget Committee for assignment to the appropriate House Appropriations Committee.
- B. Each House Appropriations Committee (General Administration and Transportation, Education and Public Safety, Natural and Economic Resources, Health and Mental Health, and Social Services and Corrections) holds budget hearings in late January or early February for agencies to testify on their budget requests and the Governor's recommendations.

IV. House Action on Emergency and Supplemental Appropriations

- A. House Budget Committee conducts hearings on emergency and supplemental requests for the current year early in the session. Emergency and supplemental appropriations are for unforeseen changes in circumstance in the current fiscal year. The legislature takes action only on the requests recommended by the Governor.
- B. House Budget Committee "marks-up" emergency and supplemental appropriation bills and sends House Committee Substitutes to the full House for action.

V. House Appropriations Committee Operating Budget Recommendations

- A. House Appropriations Committees “mark-up” the operating budgets and staff prepares House Committee Substitute bills to reflect the committee recommendations.
- B. House Appropriations Committee Chairmen present recommendations to the House Budget Committee.

VI. House Budget Committee Acts on Operating Budget

- A. House Budget Committee either accepts House Appropriations Committee recommendations, alters the recommendations, or rejects the recommendations with instructions for the House Appropriations Committee to reconsider the proposed budget.
- B. House Committee Substitute Appropriations bills as approved by the House Budget Committee are sent to the full House or Representatives with a committee recommendation.

VII. House Floor Action on Operating Budget

- A. All appropriations bills for the operating budget are brought before the House of Representatives.
- B. House Committee Substitute (or House Substitute) bills as perfected by amendment and floor vote are sent to the Senate, usually with one-third of the session remaining.

VIII. House Action on Capital Budget

- A. House Budget Committee conducts hearing and “marks-up” capital budget for recommended House Committee Substitute Bills. The capital budget uses a biennial appropriations process for major, multiyear projects. During the second year of the biennium, funding is provided for critical projects not envisioned at the time of the adoption of the biennial budget.
- B. Full House passes House Committee Substitute (or House Substitute) bills and sends to the Senate.

IX. Senate Appropriations Committee Operating Budget Hearings

- A. Senate Appropriations Committee conducts budget hearings and reviews in late January.
- B. Senate Appropriations Committee “marks-up” operating budget, prepares recommendations, and staff prepares summaries of action for presentation to the full Senate.

X. Senate Appropriations Committee Action

- A. Senate Appropriations Committee conducts hearings and “marks-up” emergency and supplemental appropriations to prepare Senate Committee Substitute for House Committee Substitute appropriations bill on emergency and supplementals.
- B. Senate Appropriations Committee conducts hearings and “marks-up” capital budget for Senate Committee Substitute bills.

XI. Senate Action on Appropriations

- A. Full Senate either adopts Senate Committee Substitutes, amends Senate Committee Substitutes, or adopts Senate Substitute bills for appropriations on emergency and supplemental, operating, and capital budgets.
- B. The Senate returns the appropriation bills to the House of Representatives for acceptance or for the House to make a request for conference to settle differences.

XII. Conference Committee(s) on Appropriations

- A. Conference Committees, consisting of five (5) members from the House of Representatives and five (5) members from the Senate, meet to achieve compromises, settle differences and adopt Conference Committee Substitute appropriations bills.
- B. Conference Committee bills are then returned to the full House and Senate to be Truly Agreed to and Finally Passed.

XIII. Governor’s Line-Item Veto

- A. Truly Agreed To and Finally Passed appropriations bills are sent to the Governor for signature.
- B. Governor either signs an appropriations bill, vetoes entire bill, or line-item vetoes part or all of sections or lines in the bill. Appropriations for payment of principal and interest on public debt and appropriations for free public schools cannot be vetoed under the Missouri Constitution. The Governor must act before July 1 and on that date the appropriated moneys may be expended.

XIV. Governor's Control Over Expenditure Rates

- A. Governor controls the rate of expenditure against appropriations through the allotment process.
- B. An initial reserve plan is the statutorily required 3% withholding on appropriations to be expended upon approval of the Governor.
- C. Governor may further withhold funds to reduce expenditures below appropriations whenever actual revenues are less than estimates on which the appropriations are based.

XV. Legislative Override of Governor's Veto

- A. Legislature may override Governor's veto of bill or line-item by a two thirds majority in both the House and Senate during the following legislative veto session held in September.
- B. Process begins again.
